Introduction

The British Cohort Study 2008 sweep was carried out using computer assisted telephone interviewing (CATI). The survey instrument is a computer program written in a software package called Blaise. This document is a paper representation of this computer program.

1.1 Structure of the questionnaire

This paper representation covers the household grid and main respondent interview sections of the CATI questionnaire for BCS 2008. The household grid was the first section of the CATI and would have been completed in all productive cases. Information about the household members was collected in this section. The respondent then received a CATI questionnaire that included questions about themselves, their children, and the household situation. Interviews were conducted with cohort members only (there was no option for the interview to be completed by a proxy carer).

The CATI interview includes four event history modules: Housing, Relationship history, Births and Employment. These modules ask cohort members to update their situation in these areas in chronological order from a point set by the CATI program. The date at which the cohort member is asked to update their situation from depends on when they were last interviewed.

Cohort members interviewed since 1st October 1999 (i.e. in sweep 6 (1999/2000) and/or sweep 7 (2004/2005) of BCS70) are asked to update their situation from the date of their last interview.

Cohort members who have not been interviewed since 1st October 1999 (and may never have been interviewed) are asked to update their situation from a set start point, the 1st January 2000, for all modules except the Births module. For the Births module, these cohort members are asked to update their situation from the date of their sixteenth birthday.

1.2 Features of the documentation

1.2.1 Modules

The CATI questionnaire comprises modules that contain a list of all the questions, answer options, and the routing conditions or ‘rules’ which govern when a particular question should be asked. In general, the heading of each module summarises the topics covered and gives the module title.

1.2.2 Questions and answers

In CATI, rather than being numbered, questions are given a unique name which is usually derived from the content of the question. Question names are identified by their bold formatting. The text of the question that should be read out by the interviewer is displayed in sentence case, with the end of the question usually indicated by a question mark.

At most questions, the respondent chooses his/her answer(s) from a pre-defined list which is either read out to him/her by the interviewer or which he/she reads from a show card sent to the respondent ahead of the interview. At other times the respondent is not offered a pre-
defined choice of answer categories. Instead the interviewer codes their spontaneous response into a pre-defined list of answers.

Alternatively the interviewer may be asked to record the verbatim answer, which then appears in a 'STRING' rather than ‘Number’. At ‘STRING’ answers, the number of characters allowed is limited (although interviewers can, where necessary, enter more characters in an electronic memo). For instance, in the documentation 'STRING60' indicates that a maximum of 60 characters is allowed. At ‘OPEN’ questions, there is no limit on the number of characters. Interviewers may also be asked to enter answers in the form of a date, time or number.

Questions at which a pre-defined list of answers are given can be split into two types: single-coded and multi-coded. Single-coded questions allow only one answer category to be chosen – unless otherwise stated, the question is single-coded. Multi-coded questions are usually identified by a note to the interviewer to ‘CODE ALL THAT APPLY’ and allow more than one answers to be recoded. At some multi-coded questions, one of the answers may be an ‘exclusive code’. This means that if this answer is chosen, no other answers may be chosen at the same time. If this answer is chosen alongside other answers, CATI activates a check.

Unless otherwise stated all questions also allow ‘Don’t Know’ and ‘Refusal’ answers to be entered. Where these are not allowed, it is stated below the answers.

We also use a long box at the beginning of some sections which contain a set of repeated questions about a particular event or about multiple members in the household.

1.2.3 Routing instructions

Routing instructions are fully detailed in italics at appropriate points. The routing condition is both explained in words and given in terms of the logical command. The expressions ‘<’, ‘=’, ‘>’ are used to denote ‘less than’, ‘equal to’ and ‘more than’ respectively. The term ‘<>’ means ‘not equal to’. The routing condition is displayed immediately before the first question to which it applies and is indicated by an 'IF' statement. The end of the influence of a particular routing condition is indicated by an 'END OF FILTER' instruction.

In the routing statements variables or questions will be referred to. If the question is from another module, then the question name will be prefixed by the module name. For instance, ‘QHGRID.RELTOKEY = 1’ indicates that the question RELTOKEY is in the module 'QHGRID' (the household grid module).

Additionally, if the routing uses 'feed forward' information from a prior interview, that variable will be referred to with the prefix 'QFEEDF' (for 'Feed Forward'). Thus 'QFEEDF.DECONACT' refers to the variable DECONACT (cohort member’s economic activity) at a prior interview.

1.2.4 Textfill

In some cases the text of a question may be varied automatically to take account of the particular circumstances of the respondent using a ‘textfill’. These possible different wordings are defined along with the circumstances in which they are used. In other words, textfills are used to tailor the question wording to the respondent’s circumstances. Textfills are preceded by ‘[^’ and followed by ‘]’. When more than one possible textfill appears within a question, they are separated by ‘/’.

For example, reference to the name of the cohort child or other persons in the household will be documented as [^Cohort child’s name] and [^Name of person] respectively.
There are some other common textfills that are used repeatedly throughout the questionnaire:

- "he / she", "his / her" refer to gender and should be read accordingly
- "Date of last interview" refers to the day, month and year of the previous interview e.g. ’15th of June 2004’.

1.2.5 Checks

An advantage of CATI questionnaires is that checks can be included in the program to alert interviewers when an unlikely or impossible response has been entered.

‘Hard’ checks can be used to prevent logical inconsistency (for example so that the cohort member cannot be younger than his / her children). In such circumstances, a warning screen is activated to alert the interviewer to the problem and instruct the interviewer to change the answer recorded. The interviewer cannot bypass hard checks – they must identify the problem and resolve the discrepancy before proceeding.

‘Soft’ checks are used to bring improbabilities to the attention of the interviewer. For example, if the weight of the cohort member is higher or lower than expected. In such situations the interviewer is instructed to investigate the improbable answer and make any necessary corrections. If the interviewer is confident that the information given is correct, they may suppress the warning and continue with the interview.

Most modules contain checks so that interviewers can resolve/check them with the respondents during the course of interview. Checks are referenced at the question at which they occur (e.g. Check HH1) and specified in detail at the end in this documentation.

1.2.6 Help screen

Some modules contain a help screen, which is a text box providing additional information to facilitate defining and coding answers during the interview. The help screen is activated by the interviewer by pressing F9. Help screens are indicated and described at the question at which they occur.

1.2.7 The Code Book

At some questions in CATI, respondents are given the opportunity to choose an ‘other’ answer and have this answer entered as STRING or OPEN text by the interviewer. Coding of these texts was conducted in the post-fieldwork data work, and this often involved creating additional codes for questions. Details of the coding can be found in the accompanying ‘Code book’. The questions affected are indicated in the documentation at the questions themselves, with the statement ‘Please refer to the code book’.

1.2.8 Income information and unfolding brackets

A feature of the income questions (gross and net) in NCDS8 is the use of a series of questions referred to as ‘unfolding brackets’ which are triggered if a respondent refuses or is unable to provide an exact answer. The questions are designed to elicit a minimum and maximum value which define a range or “closed band” within which the actual value lies. On entering the unfolding brackets, respondents are asked to say whether they have more, less or about the same as a particular value. This question is repeated using different values (which will be a lower or higher value depending on the answer to the preceding question).
The procedure stops at the point when either an upper and lower bound is provided, the respondent refuses or says “don’t know”, or the respondent places themselves in the top or bottom bracket.

The unfolding bracket questions are randomly ordered for each respondent such that any possible ‘anchoring’ effects (i.e. where people use the suggested figure as a reference point and make adjustments to it to reach their answer) from the procedure are averaged across the distribution, and the bracket values are selected on the basis of the density of the underlying financial variable.

1.3 Example: documentation

**NUMROOMS**
How many rooms are there in your home, not counting kitchens, bathrooms, toilets, halls and garages?

**INTERVIEWER: INCLUDE KITCHEN-DINER**
Range: 1..50

Answer options – indicates that the interviewer should enter a number in the range 0 - 50

**IF cohort member has chronic fatigue syndrome [KHLPRB = 12]**

| **MEDOCT** |
| Have you seen a doctor about your Chronic Fatigue Syndrome in the last 12 months? |
| 1 Yes |
| 2 No |

END OF FILTER

*Indicates the end of questions put to the defined subgroup*
REPEAT QUESTIONS FOR EACH ADOPTED CHILD IN HOUSEHOLD

**ADOPCHA**

I see that ["child’s name"] is adopted. ["You may or may not have answered some questions about ["him/her"] when you were last interviewed in ["date of last interview"]. Can I just check, how old was/How old was"] ["child’s name"] when ["he/she"] came to live with you?

**INTERVIEWER:** IF AGED LESS THAN 1 ENTER '0'.
Range:0..18

**Pre-defined answer categories (precodes)**

**KHLPRB**

SHOW CARD C

Please look at show card C and tell me whether you are currently suffering from any of the following health conditions.

**INTERVIEWER:** PROBE - "What else?" PLEASE READ OUT IF SHOW CARD NOT TO HAND. EXCLUDE TEMPORARY CONDITIONS.

01 Asthma or wheezy bronchitis?
02 ...Hayfever (seasonal allergic rhinitis) or persistent sneezing/runny nose (perennial allergic rhinitis)?
03 ...Diabetes? (Sugar)
04 ...Convulsion, fit, epileptic seizure?
05 ...Recurrent backache, prolapsed disc, sciatica?
06 ...Cancer or Leukaemia?
07 ...Problems with hearing?
08 ...Problems with eyesight including wearing glasses?
09 ...High blood pressure?
10 ...Migraine?
11 ...Eczema or other skin problems?
12 ...Chronic fatigue syndrome (ME)?
13 ...Period or other gynaecological problems?
14 ...Problems with stomach, bowels or gall bladder?
15 ...Problems with bladder or kidneys?
16 ...Cough/bringing up phlegm?
17 ...Depression?
18 ...(DO NOT READ OUT) None

[Code maximum 17 out of 18 possible responses]
1.4 Example: help screen

HOMEC
What month did you move in?

INTERVIEWER: IF COHORT MEMBER WAS TRAVELLING ENTER MONTH STARTED TRAVELLING OR ENTER MID-SEASON MONTH. SEE HELP <F9.

HELP SCREEN

Mid-season months:
Winter: Feb (2)
Spring: May (5)
Summer: August (8)
Autumn: Nov (11)

1.5 Example: code book

CANCTYPE
You said you suffer from cancer or leukaemia. What type of cancer do you have?

INTERVIEWER: CODE ALL THAT APPLY
PROBE - ‘Anything else?’
01 Leukaemia
02 Hodgkins disease
03 Lymphoma
04 Skin cancer
05 Bone cancer
06 Breast cancer
07 Cancer of the uterus (womb)
08 Cancer of the cervix
09 Cancer of the testes
10 Colon cancer (including bowel cancer)
11 Stomach cancer
12 Lung cancer
13 Other (specify)

IF cohort member has other type of cancer [CANCTYPE = 13]

| OTHCANC |
| What other type of cancer do you have? |
| INTERVIEWER: TYPE VERBATIM. |
| Open |
| Please refer to the code book |

END OF FILTER

The code book shows the names of the variables and the codes used when the information was 'backcoded' after being collected.
1.6 Example: checks

In the main body of the documentation the check is referenced as follows:

**OTHRELB**
How long have you been in this relationship?

INTERVIEWER: FIRST ENTER NUMBER OF YEARS.
IF LESS THAN ONE YEAR, ENTER '0'.
Range: 0..97

**CHECK OR1**

Then the check is fully described in the 'Checks' section at the end of the documentation:

**CHECK OR1**
*IF the length of the relationship is answered [OTHRELB =RESPONSE]*

*IF length given is more than or equal to respondent’s age [OTHRELB <= DMAGE]*

The length of time you have entered is incorrect. The respondent is only ^DMAGE years old. Please amend.

END OF FILTER

END CHECK

*Indicates a check which interviewer needs to confirm with the respondent*
Questionnaire documentation
1. Introduction and household grid (BHHGRID)
**FIRSTQ**

INTERVIEWER:
You are in questionnaire for Serial No: [^NatCen Serial number]

Respondent Name: [^cm name]
Home Tel: [^home telephone number]
Work Tel: .[^work telephone number]
Mobile: [^mobile telephone number]
Address: [^cm's address]
Other contact(s): [^other contact details provided by cm]
Stable Contact: [^stable contact details provided by cm]

INTERVIEWER: Press <1> then <ENTER> to continue.
SUPERVISOR: Press <2> then <ENTER> for access to all Non-Response checks.
Range: 1..2

**INTDATE**
Date interview with this respondent was started.
Press Enter to confirm date.

**INTRO1**
Good morning/afternoon/evening, please may I speak to [^cohort member’s name]?  
1   Yes - CM available for interview,  
2   No - CM unavailable for interview

**INTRO2**
Hello, I am [interviewer’s name] from the National Centre for Social Research. We are conducting the latest stage of the British Cohort Study on behalf of the Centre for Longitudinal Studies (at the University of London). CLS (Centre for Longitudinal Studies) recently wrote to you about the latest round of the study, which we are conducting by telephone.

Your participation in the study is voluntary. Would you be prepared to take part in a short telephone interview?

INTERVIEWER: IF AGREES ASK COHORT MEMBER TO HAVE SHOWCARDS TO HAND.  
IF CM HAS NOT RECEIVED THEIR ADVANCE LETTER -

I'm sorry that you haven't received your advance letter yet. May I still continue with the interview?

IF 'No' MAKE APPOINTMENT FOR ANOTHER INTERVIEW AND IF LETTER REQUESTED COMPLETE LETTER REQUEST FORM.

FOR REFUSALS, PLEASE CHECK CM'S ADDRESS.

NB: The interview will take 25 minutes (explain if necessary):
Press 1 and Enter to continue.
CMSEX
Before I start the interview, I need to check a few details.

INTERVIEWER: Code cohort member's sex.
1 Male
2 Female
[Don't Know or Refusal not allowed]

CHECK HH1 - HH2

IF cohort member is now male AND is recorded as a female in the feed forward data, OR if cohort member is now female AND is recorded as male in the feed forward data [(CMSEX = 1) AND (QFEEDF.DCMSEX = 2)) OR ((CMSEX = 1) AND (QFEEDF.DCMSEX = 2))]

GENDER
INTERVIEWER: ASK OR CODE: Has the cohort member undergone gender re-assignment?
1 Yes
2 No

END OF FILTER

BDAT1
Can I check. What day in April is your birthday?
Range:5..11

CHECK HH3

NAMESAME
Can I check, is your name still [cohort member’s name] or have you changed it for any reason?
1 Same
2 Changed

IF name has changed OR no name in the feed forward data [NAMESAME = 2 OR FFNAME <> RESPONSE]

CMNAME
INTERVIEWER: Enter first name to be used in the interview program.
String:20

END OF FILTER
NORMAL
Can I please check, is your current normal address [cohort member’s address]?
INTERVIEWER: SEE HELP <F9>.

HELP SCREEN
Cohort member is temporarily working away from home:
Normal address is home address

Cohort member is in prison/hospital for under 6 months:
Normal address is home address

Cohort member is in prison/hospital for 6 months or more:
Normal address is Hospital/prison address

Cohort member is in armed forces/Merchant navy stationed away from home for 6 months or more:
Normal address is Armed forces/merchant navy address

Cohort member has more than one address:
Normal address is address respondent considers to be main address.

1 Yes
2 No

COUNTRY
Can I just check, is your current normal address in (England/ Wales/ Scotland)?
1 England
2 Wales
3 Scotland

RESIDENC
INTERVIEWER: ASK OR CODE.
Is your current normal address...READ OUT...
INTERVIEWER:
SEE HELP <F9>.

HELP SCREEN
This question uses the same help screen as at question NORMAL in this module.

1. a private residence (including one tied to your job)
2 sheltered housing
3 a hotel, boarding house or bed & breakfast
4 a hostel for homeless, refuge, YMCA, YWCA, etc
5 a barracks, nurses’ hall of residence, or other accommodation provided by your employer
6 a room only at work place
7 a prison or remand centre or
8 a hospital, nursing home or similar institution?
IF cohort member’s current residence is not a private residence or sheltered housing [RESIDENC = 3, 4, 5, 6, 7, 8]

INSTIT
Can I just check, do you [*usually live/ live at this address] with your (spouse/ civil partner/ partner), or with your children?
1 Yes
2 No

IF cohort member does not usually live with spouse/ civil partner/ partner or children [INSTIT = 2]

HMS
What is your current legal marital status? (Please tell me if your status relates to a legally recognised Civil Partnership.) Are you...

INTERVIEWER: READ OUT.
INCLUDE AS SEPARATED ANY PERSON WHO IS LIVING APART FROM THEIR SPOUSE/CIVIL PARTNER BECAUSE OF ESTRANGEMENT.
TEMPORARY ABSENCES, WORKING AWAY FROM HOME, VISITING RELATIVES SHOULD NOT BE INCLUDED HERE.
1 ...Single and never married or never in a legally recognised Civil Partnership
2 ...Married
3 ...A Civil Partner in a legally-recognised Civil Partnership
4 ...Separated from Spouse
5 ...Divorced
6 ...Widowed?
7 SPONTANEOUS ONLY: Separated from Civil Partner
8 SPONTANEOUS ONLY: A former Civil Partner, the Civil Partnership legally dissolved
9 SPONTANEOUS ONLY: A surviving Civil Partner (your partner having died)

CHECK HH4

END OF FILTER

IF cohort member’s current residence is a hotel, hostel, accommodation provided by employer or a room at a workplace and cohort member is not married or in a civil partnership [RESIDENC = 3, 4, 5, 6 AND HMS = 1, 4, 5, 6, 7, 8, 9]

HCOHAB
Can I check, do you usually cohabit with someone as part of a couple?
1 Yes
2 No

END OF FILTER
IF cohort member is separated from spouse or civil partner [HMS = 4, 7]

HLEGSEPC
Are you legally separated from your spouse/civil partner?

INTERVIEWER: LEGAL SEPARATION IS ARRANGED WITH A COURT OR SOLICITOR. CODE NO IF THE RESPONDENT IS LIVING APART FROM THEIR SPOUSE/CIVIL PARTNER DUE TO ESTRANGEMENT. SEE HELP <F9>

HELP SCREEN
A legally separated spouse will have a separation agreement obtained through the courts or a solicitor. These are sometimes known as a judicial separation petition or a decree of judicial separation.

A legally separated civil partner will have a separation order from the courts. The decree nisi and the decree absolute are part of divorce proceedings and do not determine whether someone is legally separated from their spouse or civil partner.

1 Yes
2 No

END OF FILTER

END OF FILTER
IF cohort member lives in a private residence or sheltered accommodation, OR does not live in a private residence or sheltered accommodation but does usually live with a partner or children OR type of residence is not known [(RESIDENC = 1, 2) OR (RESIDENC = 3, 4, 5, 6, 7, 8 AND INSTIT = 1) OR (RESIDENC = NONRESPONSE)]

INTRO
We'd like to know a little about the members of your household - the people who you normally live with, and with whom share a living room OR normally share at least one meal a day.

INTERVIEWER: PRESS 1 AND ENTER TO CONTINUE.
SEE HELP <F9>.

HELP SCREEN

HOUSEHOLD MEMBERS:
Members of the Cohort member's household are those people who normally live with the cohort member at their normal address AND who 'share a living room with cohort member' AND/OR 'share a meal a day with cohort member'. (N.B. See entry under 'Normally living with Cohort member below.)

Lodgers are people who rent a room in the accommodation but whose meals are not provided. Lodgers are single person households.

Boarders are people who pay rent for a room in the accommodation and for whom meal(s) are provided. Boarders are included as members of the household, unless four or more boarders are living in the same household. In this case, treat each boarder as a single person household.

NORMALLY LIVING WITH COHORT MEMBER:
Children (under 16)
Include:
- children under 16 attending boarding school but returning home during school holidays;
- children away from home temporarily on holiday or in hospital (less than 6 months).

Exclude:
- children in care of local authority, in residential home or with foster parents;
- children in long-stay institutions for the handicapped or disabled;
- children being brought up by friends, relatives or an ex-spouse or partner;
- children away from home on holiday or in hospital for 6 months or more.

Adults (16 or over)
Include:
- adults away from home temporarily (less than 6 months continuously) for work reasons, on holiday, in hospital, in prison, in armed forces/Merchant Navy.

Exclude:
- children aged 16 or more attending boarding school;
- adults away from home for 6 months continuously or more on holiday, in hospital, in prison, in armed forces/Merchant Navy;
- students living away from home during term-time.

1 Continue
FOR COHORT MEMBER ASK MS – LEGSEPC

**MS**
What is your current legal marital status? (Please tell me if your status relates to a legally recognised Civil Partnership.) Are you ...

INTERVIEWER: READ OUT

INCLUDE AS SEPARATED ANY PERSON WHO IS LIVING APART FROM THEIR SPOUSE/CIVIL PARTNER BECAUSE OF ESTRANGEMENT. TEMPORARY ABSENCES, WORKING AWAY FROM HOME, VISITING RELATIVES SHOULD NOT BE INCLUDED HERE.

1 ...Single and never married or never in a legally recognised Civil Partnership
2 ...Married
3 ...A Civil Partner in a legally-recognised Civil Partnership
4 ...Separated from Spouse
5 ...Divorced
6 ...Widowed
7 SPONTANEOUS ONLY: Separated from Civil Partner
8 SPONTANEOUS ONLY: A former Civil Partner, the Civil Partnership legally dissolved
9 SPONTANEOUS ONLY: A surviving Civil Partner (your partner having died)

CHECK HH5

*IF cohort member’s current legal marital status is single, separated from spouse, divorced, widowed, separated from civil partner, a former civil partner or a surviving civil partner [MS = 1, 4, 5, 6, 7, 8, 9]*

Can I check, are you cohabiting with someone as part of a couple?
1 Yes
2 No

END OF FILTER
IF separated from spouse or civil partner [MS = 4, 7]

LEGSEPC
Are you legally separated from your [*spouse/civil partner]? INTERVIEWER: LEGAL SEPARATION IS ARRANGED WITH A COURT OR SOLICITOR. CODE NO IF THE RESPONDENT IS LIVING APART FROM THEIR SPOUSE/CIVIL PARTNER DUE TO ESTRANGEMENT. SEE HELP <F9>

HELP SCREEN
A legally separated spouse will have a separation agreement obtained through the courts or a solicitor. These are sometimes known as a judicial separation petition or a decree of judicial separation. A legally separated civil partner will have a separation order from the courts. The decree nisi and the decree absolute are part of divorce proceedings and do not determine whether someone is legally separated from their spouse or civil partner.

1 Yes
2 No

END OF FILTER

ASK NAMEHERE – MORE FOR EACH HOUSEHOLD MEMBER (VARIABLES NAME, SEX & DOB ARE AUTOMATICALLY COMPUTED FOR COHORT MEMBERS).

**SUBSEQUENT LOOPS** IF cohort member has additional cohabiting relationships/legal unions to report [RMORE = 1]

---

7 The relationship grid is made up of one standard question set. The question at which the Cohort Member joins the grid depends on their legal and de facto marital status at the set start point (date of last interview/1st January 2000). For example:

- Cohort Members who were separated are first asked if they divorced their ex-partner (RDIVCEX)
- Cohort Members who were cohabiting are first asked if they married that partner (RMARCP),
- Cohort Members who were married are first asked if they are still living together with the same partner (RTOG) and,
- Cohort Members who were single but have had since had at least one cohabiting relationship/legal union are first asked for details about their first relationship (PNME)

Please see technical report for structural diagram of relationship history grid.

8 There may be up to two ‘open’ relationships – if a legal relationship has not yet been dissolved but a new cohabiting relationship has already started

9 An unfinished legal union refers to circumstances where the CM has separated from their spouse or civil partner but has not divorced or dissolved the partnership.
PNME

END OF FILTER
OTIMEANY
(Still thinking of your main job) Do you ever do any work which you would regard as paid or unpaid overtime?
1 Yes
2 No

IF cohort member does not work overtime [OTIMEANY = 2]

CHOURS1
Thinking of your (main) job/business, how many hours per week do you usually work not including meals breaks?

INTERVIEWER: ACCEPT THE ANSWER GIVEN.
SEE GLOSSARY ON 'WORKING HOURS'.

INTERVIEWER: IF CANNOT GIVE USUAL AMOUNT ENTER DON'T KNOW.
SEE HELP <F9.

HELP SCREEN

IF THE WORK PATTERN IS NOT BASED ON A WEEK: get an average over the last four weeks. If the CM has been off sick for a long period, take the usual hours worked before going sick.

IF A PERSON HAS RECENTLY STARTED A NEW JOB: the usual hours should relate to what the person expects them to be in the future.

FOR APPRENTICES, TRAINEES AND OTHER PEOPLE IN VOCATIONAL TRAINING: exclude any time spent in school or other special training centres outside their workplace.

CM's WORKING ON-CALL: If someone states at the hours questions that they usually work 24 hours a day because they are 'on call', the average number of hours actually worked should be probed for. Identify how many hours were actually worked in the last four weeks and average these out to give a weekly total for usual hours. This should include only those hours during which the CM was actually working. Therefore if, for example, a CM was 'on-call' all night, but was only called out to work for two hours, the actual working hours for this night would be two hours.

SELF-EMPLOYED PEOPLE often find it difficult to give precise figures. It is important, however, that we have information about their hours worked to compare these with the hours worked by employees. If necessary, encourage them to work things through on a daily basis and get as accurate a figure as possible.

Range: 1..80

CHECK EMP17 – EMP18

END OF FILTER
**CJPERM**
Is your current job ... 
INTERVIEWER: READ OUT 
CODE ONE ONLY. 
SEE HELP <F9. 

**HELP SCREEN**
A temporary job is where a person works for an employer directly (i.e.: is not employed by an agency), and where it was made clear from the beginning of the job that it would last for under 2 years. Jobs that lasted for a short time are not temporary jobs unless it was clear from the beginning that they were to be of limited duration only.

1 ...a permanent job  
2 a seasonal, temporary or casual job or  
3 a job done under contract or for a fixed period of time? 

**END OF FILTER**

*IF cohort member is full-time or part-time self-employed [ECONACT2 = 3, 4]*

*Note that CJSUP is computed from JSUP: IF cohort member has been interviewed since 1st October 1999 and has changed job or activity since last interview OR has changed employer since last interview OR job or activity was incorrectly recorded at last interview OR economic activity is not known from last interview OR cohort member has not been interviewed since 1st October 1999 [(ECONLAST = 1, 3) OR (CJSAME = 2) OR (DLASTINT = 1 AND QFEEDF.DECONACT <> RESPONSE) OR (DLASTINT = 2)]*

**CJSEEMPS**
Do you work on your own or do you have employees? 
1 On own/with partner(s) but no employees  
2 With employees 

*IF cohort member works with employees [CJSEEMPS = 2]*

**CJSENEMP**
How many people do you employ at the place where you work? 
1 1-24  
2 25 or more 

**END OF FILTER**

**CJSEHRS**
How many hours do you usually work a week in your job? 
INTERVIEWER: IF NO USUAL GIVE AVERAGE. IF NECESSARY ENCOURAGE CM TO WORK THINGS THROUGH ON A DAILY BASIS AND GET AS ACCURATE A FIGURE AS POSSIBLE. 
Range: 1..112 

**CHECK EMP19 – EMP20**
SETYPE
You said you are self-employed. Does this mean that you run your own business or professional practice, or do you usually work for other people or organisations but on a self-employed basis?

INTERVIEWER: SEE HELP <F9.

HELP SCREEN
The distinction that this question is getting at is between people who work in a conventionally self-employed manner (i.e.: have some control over when and where they work, etc.), and people whose conditions of work are just like those of an employee (i.e.: have to work set hours at a set place, etc) and for whom self-employment is an administrative convenience. If CM owns business jointly with others, obtain CM's estimate of his/her own share.

1 Own business/professional practice
2 Work for others
3 Both
4 Other (SPECIFY: AT NEXT QUESTION)

IF cohort member does other type of self-employed work [SETYPE = 4]
