FILLING IN YOUR DIARY

This Diary is about your ordinary life: the interesting bits and the boring bits; the things you do, your routine if still at school, how you spend time at home; what you do on outings, about your hobbies, and about pleasurable and less pleasurable times, and what you do at work, if you already have a job, full or part-time.

Filling in the Diary will mean giving a little time to it. Why are we asking you to do this? Because, along with the diaries of all your companions born in the survey week, your record will give us a real and true picture of what it is like to be somebody your age in the late 1980's. And finding out what it is really like is the first step towards trying to improve things for you in the future.

We would like you to keep this Diary up for four days. The first day should be a Friday. You then go on to keep a record of all you do on the Saturday, the Sunday and then Monday. Try to keep the Diary with you and fill it in each day as you go along. Please note that the Diary is in two parts, Part 1 and Part 2.

In Part 1 of the Diary (from pages 4-11) you are asked to write down in your own words everything you do as you go through the day (except going to the toilet!), including when you did it, how long it took, where you were and who you were with. Please look first at the Example on page 3.

Start by recording exactly what you do on a Friday in the section marked 'Friday' (pages 4 and 5). There is space for a description of everything you do, including spare-time and leisure activities. Please write down also whenever you eat or drink anything and say whether it is a snack, a meal, an alcoholic drink, a soft drink, etc. Of course you may write down full details of the actual food and drink you take, if you have time, and this would be very useful.

Then do the same on the following day, Saturday (pages 6 and 7), then on the Sunday (pages 8 and 9) and finally on the Monday (pages 10 and 11).

In Part 2 of the Diary, (pages 12-23) there is a short questionnaire to which you are asked to give answers. This is usually done by ticking boxes. There are five short sets of questions - A, B, C, D and E.

- A — These questions are about how you spend your time if you are at school for any part of the four days, covered by the diary. If you haven't been at school during any of this period, you may leave out this section.
- B — These questions ask about how your day is spent, and should be answered by everyone, as should be C, D and E.
- C — These are questions asking about some of your activities between waking up in the morning and early evening.
- D — These questions ask what you do in the evenings.
- E — This is where we ask you to write down all the TV/Video programmes you have seen day by day during the 4 days of the diary.

Your answers to the questions will increase the value of the narrative you have provided in Part 1. Please remember that you should make a note of all the TV/Videos you see day by day and record them on pages 22 and 23.

The more you put in the diary, the more interested we shall be. If you find yourself wondering whether you want to tell us something private — please remember that nobody except you and us will know about it. We shall analyse how many people do various leisure activities, but we shall not reveal individuals' names.
