Appendix 1 - Editing and Coding

All editing and coding was agreed between the research teams of the National Centre and the Centre for Longitudinal Studies.

Editing

In all CAPI surveys the aim is to incorporate the vast majority of editing into the interview itself so that illogical or unusual answers can be resolved by the interviewer and respondent. With this survey it did prove necessary to conduct some post fieldwork editing. This ranged from flagging cases where program errors required a problem to be made apparent to users through to telephone follow-up re-contact work to systematically resolve problems.

BCS70 / NCDS CODING

Codes frames were developed in collaboration between the Centre for Longitudinal Studies and the National Centre research teams. Where possible frames matched those used for NCDS5 to promote continuity.

The following guidance was given to coders:

- **IN ALL CASES** of ‘other’ answers step 1 should be to back code to existing codes (that is codes contained in the program) where possible. Where possible guidance on back coding has been given.
- **Additional codes shown in bold** - original program codes in normal font.
- Where back coding is required the variable name displayed is the main question to which back coding must occur. Beneath this variable we have specified the name of the variable where the ‘other’ information was recorded.
- Don’t know and not answered codes should always appear at the end of each frame unless otherwise stated.

On the following pages appear the question by question code frames and back coding instructions. The edited variable name in bold and underlined.

Current Job CJTitle, CJDo, etc/ Previous jobs – Jtitle{}, Jdo{}, etc/ Partner’s job PJTitle, PJDo, etc

Coding must provide:

SOC to 3 digits
Socio-economic group - Using the 1990 Standard Occupational Classification
Social class

NB - SOC coding (and SEG / SC) required for EACH job / period of self employment in employment history. SOC is also required for partner’s current job if applicable.

For previous jobs – Please note that in the employment history no question was asked that established the number of employees at the workplace. Therefore, for managers the employment status SOC code will ALWAYS be coded to ‘Managers at establishments of unknown size’.
CJFirm

Coding must provide SIC using the 1992 Standard Industrial Classification:

\[ SIC \text{ 1992 Code} \]
\[ xx.xx/n \]
\[ xx.xx \]

Coding should be as detailed as information supplied will permit. If you cannot code to the 4-digit level you should code to the 2-digit level and use trailing 0s (eg; xx.00) to indicate that information was insufficient to allow more detailed coding.

- Please note that SIC coding is only carried out for current job.

CJORG

CJOtherOrg backcode to CJOTHED

Where possible, entries should be coded back to the original precodes:

Based on ICD (1977)

Codes:

FRACTURES

1. Fractures of skull and face bones (eg nose, jaw, cheek, eye palate)
2. Fractures of neck, spine, trunk (eg vertebral column, coccyx, ribs, breastbone, breastbone, chest, larynx, trachea, windpipe)
3. Fractures of upper limb (eg shoulders, arm, collar bone, shoulder blade)
4. Fractures of wrist, hand, fingers thumb
5. Fractures of hip and lower limb (eg leg, foot, toes, pelvis, knee cap, shinbone ankle)
6. Multiple fractures
7. Fractures unspecified

DISLOCATIONS (bones out of place)

8. Dislocation of jaw
9. Dislocation of upper limb (eg shoulder, elbow)
10. Dislocation of wrist, finger, thumb
11. Other, multiple and unspecified dislocations

SPRAINS and STRAINS

[INCLUDES: Avulsion of joint surrounds
   Tear   ligaments
   Snap   muscles
   Pull   tendons
   Rupture
   Sprain
   Strain]

EXCLUDES: Open wounds - See codes 24-34 below
   Lacerations of tendons in open wounds - See codes 24-30 below]

13. Sprains and strains of upper limb (eg shoulder, arm)
14. Sprains and strains of wrist, hand, fingers, thumb
15. Sprains and strains of hip and lower limb (eg thigh, knee, leg, ankle, foot, toes)

16. Sprains and strains of back and neck includes whiplash injury
17. Other and unspecified sprains and strains

**HEAD INJURY (without skull fracture)**

[EXCLUDES: Nerve injury - See codes 69-75 below

Open wound of head without intracranial (brain) injury - See code 25

Skull fracture alone - See code 1 above

18. Concussion

19. Cerebral (brain) laceration, bruising, haemorrhage, bleeding, following injury

20. Unspecified head/brain injury/other

**INTERNAL INJURY OF CHEST, ABDOMEN AND PELVIS**

[INCLUDES: Blast injuries of internal organs

Bruise

Jarring

Crushing

Haematoma (ie: accumulation of blood in tissues/blood clot)

Laceration

Puncture

Tear

Traumatic (ie: due to injury) rupture (ie: bursting open)]

21. Internal injury to chest, heart, lung and other organs in chest area

22. Internal injury to stomach, intestines, rectum, other areas in gastrointestinal tract, liver, spleen, kidney, pelvic, organs, other abdominal organs

23. Other, multiple and unspecified internal injuries

**OPEN WOUND**

[INCLUDES: Animal bite

Avulsion/tear

Cut/laceration

Puncture wound

Traumatic (due to injury) amputation

Human bite

EXCLUDES: Burn - See codes 35-41 or 61-68 below

Crushing - See codes 49-54 below

Puncture of internal organs - Use codes 21-23 above

24
Superficial injury - Use codes 35-41 below
Wounds incidental to:
dislocations - see codes 8-12 above
fractures - see codes 1-7 above
internal injury - see codes 21-23 above
intracranial (brain) injury - see codes codes 18-20 above

24. Open wound of eye

25. Open wound of ear, head, neck (eg ear, scalp, nose, cheek, jaw, lip,
gum, tongue, broken tooth, neck, undefined and multiple face, throat,
windpipe

26. Open wound of trunk (eg chest WALL, back, buttock, genital organs,
other, unspecified, multiple)

27. Open wound of upper limb (shoulder, arm)

28. Open wound of wrist, hand, fingers, thumb

29. Open wound of hip and lower limb (eg thigh, knee, leg, foot)

30. Multiple and unspecified open wounds

31. Amputation (due to injury) of arm (at or above elbow)

32. Amputation of hand/fingers

33. Amputation of lower limb (leg, foot)

34. Amputation of toes

SUPERFICIAL INJURIES

[INCLUDES: Abrasions
Friction burn
Blister
Insect bite (non-venomous)
Superficial foreign body (eg: splinter) without major open
wound

EXCLUDES: Major open wounds - See codes 24-34 above]

35. Superficial injury of face, scalp, neck (eg cheek, ear, gum, lip, nose,
throat)

36. Superficial injury of eye (includes eyelids, eyesocket, eyeball,
cornea)

37. Superficial injury of trunk (eg abdominal wall, back, chest wall
breast, genital organs)

38. Superficial injury of upper limb (shoulder, arm)

39. Superficial injury of wrist, hand, finger thumb

40. Superficial injury of hip and lower limb

41. Other, multiple and unspecified

CONTUSION (bruise, haematoma) WITHOUT FRACTURE OR OPEN WOUND

42. Contusion of face, neck, scalp (eg cheek, ear, gum lip, nose, throat, jaw)

43. Contusion of eye and eye socket (eg black eye, eyelids, eyeball)

44. Contusion of trunk (eg breast, chest, abdominal wall, side, groin, back buttock, genital organs)

45. Contusion of upper limb (eg shoulder, arm)

46. Contusion of wrist, hand, fingers, thumb

47. Contusion of hip and lower limb (eg thigh, knee, ankle, foot, toes (nails)

48. Other, multiple and unspecified

CRUSHING INJURIES

(EXCLUDES: Intracranial (brain) injury/concussion - See codes 18-20 above

Severe crushing of internal organs due to internal injuries]- See codes 21-23 above

49. Crushing of face, neck, scalp (not brain)

50. Crushing of trunk (not internal organs or chest) (eg back, buttock, breast, external genital organs)

51. Crushing of upper limb (eg shoulder, arm)

52. Crushing of wrist, hand, fingers, thumb)

53. Crushing of hip and lower limb
54. Multiple and unspecified

FOREIGN BODIES

[EXCLUDES: Penetrating wounds of the eye - See code 24 above]

55. Foreign body ON eye (not penetrating into eye)

56. Foreign body IN ear, nose

57. Foreign body in throat, windpipe, lung, (eg asphyxia, choking, inhalation of fluid)

58. Foreign body in mouth, digestive system (eg stomach, intestine)

59. Foreign body in rectum, anus, genitourinary tract (eg bladder, vagina, penis) not intrauterine contraceptive device IUCD)

60. Other and unspecified

BURNS

[INCLUDES: Burns from: electrical heating appliance, electricity, flame, hot object, lightening, radiation, chemicals, scalds

EXCLUDES: Friction burns - See codes 35-41 above
Sunburn - See code 77 below]

61. Burns confined to eye, eyelid, adjacent area

62. Burns confined to face, head, neck (eg EYE WITH OTHER PARTS OF FACE, ear, head, lip, nose, scalp, temple)

63. Burns confined to trunk (abdominal wall, back, breast, chest, genital organs)

64. Burns confined to upper limb (arm, shoulder)

65. Burns confined to wrist, hand, fingers, thumb (nails)

66. Burns confined to hip and lower limb (eg leg, thigh, foot, toe (nails)

67. Multiple burns

68. Unspecified burns

INJURY TO NERVES AND SPINAL CORD

69. Injury to optic, cranial (eye, head) nerves
70. Injury to spinal cord nerves (without bony injury)

71. Injury to trunk nerves (eg abdominal wall, back, breast, chest, genital organs)

72. Injury to upper limb nerves (eg shoulder, arm)

73. Injury to nerves of wrist, hand, fingers, thumb

74. Injury to hip and lower limb nerves (eg leg, foot)

75. Other, multiple and unspecified

EARLY COMPLICATIONS OF TRAUMA

76. Early complications of trauma
   (eg: haemorrhage, bleeding, shock, renal failure following crushing)

INJURY: OTHER and UNSPECIFIED

77. Injury: other and unspecified
   (eg back injury, unspecified; drug dependence & non-dependent abuse
   of drugs)

EFFECTS OF POISONS

[INCLUDES: Overdose, dosage errors

EXCLUDES: Allergy/adverse reactions - See code 83 below
   Drug dependence or non-dependent abuse of drugs - See
   code 77 above]

78. Poisoning by drugs

79. Poisoning by non-medicinal chemicals and substances  (INCLUDES: venom,
   bee stings)

80. Poisoning by gases, vapours, fumes

81. Poisoning by food (berries, shellfish, mushrooms, plants etc
   (eg: allergies, (rashes) gastroenteritis, toxic effects of food
   contaminants (mercury, etc))

82. Unspecified poisoning

83. Other and unspecified effects of external causes (eg radiation
   sickness, weather (sunstroke) shock from lightening, allergy/adverse
   reactions to drugs) EXCLUDES: Burns (ICD CODES 940-949) Coded as 61-68

Remaining answers must be coded to a frame based on that developed for NCD5:

1. No Longer working
2. Membership not available in current job
3. Do not want to be a member of a union or staff association
4. Most of my colleagues are not members
5. Unions and staff associations are out of date
6. Never got round to joining in current job (eg: Changed jobs and just haven't bothered to join the Trade Union/Staff Association in new job)
7. Application rejected (eg: Changed jobs and my application for membership of Trade Union/Staff Association was rejected)
8. Expelled or not renewed (eg: I was expelled from Trade Union/Staff Association, My membership was not renewed by the Trade Union/Staff Association)
9. Gave up (eg: Just stopped paying dues, Membership ran out)
10. Disagree with policy or practice (eg: Too political, Doing more harm than good, Don't agree with strikes)
11. Not appropriate (eg: Became self-employed, I work on my own all the time)
12. Other reason
13. Irrelevant/unspecific response

### Normal

**HOUSEHOLD MEMBERS:**
Members of the Cohort member’s household are those people who normally live with the cohort member at their normal address AND who 'share a living room with cohort member' AND/OR 'share a meal a day with cohort member'. (N.B. See entry under 'Normally living with Cohort member below.)
- Lodgers are people who rent a room in the accommodation but whose meals are not provided. Lodgers are single person households.
- Boarders are people who pay rent for a room in the accommodation and for whom meal(s) are provided. Boarders are included as members of the household, unless four or more boarders are living in the same household. In this case, treat each boarder as a single person household.

### Intro

**NORMALLY LIVING WITH COHORT MEMBER:**

**Children (under 16)**
- Include children under 16 attending boarding school but returning home during school holidays;
- Include children away from home temporarily on holiday or in hospital (less than 6 months)
- Exclude children in care of local authority, in residential home or with foster parents;
- Include children in long-stay institutions for the handicapped or disabled;
- Include children being brought up by friends, relatives or an ex-spouse or partner;
- Include children away from home on holiday or in hospital for 6 months or more.

**Adults (16 or over)**
- Include adults away from home temporarily (less than 6 months continuously) for work reasons, on holiday, in hospital, in prison, in armed forces/Merchant Navy;
- Exclude children aged 16 or more attending boarding school;
- Include adults away from home for 6 months continuously or more on holiday, in hospital, in prison, in armed forces/Merchant Navy;
- Include students living away from home during term-time.
Tenure
Share Ownership/Equity Share means paying partly for a mortgage and partly paying rent. (Usually Council or Housing Association scheme).

EverMove
If a CM spent periods abroad and had made their home there for that period, please record each move as a separate address.
If CM was travelling, e.g. in a gap year between School and higher education, count the whole period abroad as one.

CurPart
Enter date when started living together as a couple. If lived together before relationships started enter date relationship started.
Gay and lesbian couples should be included.

CurParta, CurPartd
Mid-season months:
Winter: Feb (2)
Spring: May (5)
Summer: August (8)
Autumn: Nov (11)

ExPart1, ExPart2, ExPartc
This is the one question where separated does not mean legal separation - in this case it refers to the emotional end of the relationship

ExPartb
If lived together before a starting relationship count first day of a relationship as date moved in together.

MaPaDivb MaPaDivc
If parents separated more than once, ask about the last (most recent) separation

MaPaAid
IF CHILD LIVES AT HOME AGED 18+ THIS IS A FORM OF HELP WITH ACCOMODATION

Prega
Still birth - is the delivery of a baby at or after the 26th weeks of pregnancy.
Misscarriage - is the loss of a foetus earlier than the 26th week of pregnancy.

LonePara
Lone parenthood means bringing up a child on your own, without a spouse or partner.
Count as lone parenthood:
living with others (e.g. parents, friends, etc) but without a spouse/partner;
cases in which the spouse/partner is in prison or borstal, even if the relationship had not broken down;
cases in which the relationship has broken down and the couple are not living together, even if the partner/spouse shares in bringing up the children.
Note: If a married couple has separated include as a lone parent even if the separation is not 'legal'.
Do not count:
periods of living apart temporarily when the relationship has not broken down except in cases where the partner is in prison/borstal (see above).

CHours1

IF THE WORK PATTERN IS NOT BASES ON A WEEK: get an average over the last four weeks. If the CM has been off sick for a long period, take the usual hours worked before going sick.
IF A PERSON HAS RECENTLY STARTED A NEW JOB: the usual hours should relate to what the person expects them to be in the future.
FOR APPRENTICES, TRAINEES AND OTHER PEOPLE IN VOCATIONAL TRAINING: exclude any time spent in school or other special training centres outside their workplace.
CM's WORKING ON-CALL: If someone states at the hours questions that they usually work 24 hours a day because they are 'on-call', the average number of hours actually worked should be probed for. Identify how many hours were actually worked in the last four weeks and average these out to give a weekly total for usual hours. This should include only those hours during which the CM was actually working. Therefore if, for example, a CM was 'on-call' all night, but was only called out out to work for two hours, the actual working hours for this night would be two hours.
SELF-EMPLOYED PEOPLE often find it difficult to give precise figures. It is important, however, that we have information about their hours worked to compare these with the hours worked by employees. If necessary, encourage them to work things through on a daily basis and get as accurate a figure as possible.

Cshifts1

Code frequency if any of a person's working hours are covered by the appropriate category, eg: If someone works 11:00am to 7:00pm, code frequency for 'after 6pm and up to 10pm'.

CSetHrs

We want to know whether hours were rigid or flexible, irrespective of whether or not pay varied with them. If hours varied only because the CM sometimes did overtime and sometimes did not, code as fixed hours.

CJPerm

A temporary job is where a person works for an employer directly (i.e. is not employed by an agency), and where it was made clear from the beginning of the job that it would last for under 2 years. Jobs that lasted for a short time are not temporary jobs unless it was clear from the beginning that they were to be of limited duration only.
**SEType**

The distinction that this question is getting at is between people who work in a conventionally self-employed manner (i.e., have some control over when and where they work, etc.), and people whose conditions of work are just like those of an employee (i.e., have to work set hours at a set place, etc) and for whom self-employment is an administrative convenience.

If CM owns business jointly with others, obtain CM's estimate of his/her own share.

**KidCare**

- If unsure whether Childminder is registered, code as unregistered.
- Childminder: Child is cared for at the home of the carer.
- Nanny: Child is not cared for at home of the carer.
- If at boarding school, use code for school.

**VocTyp**

NVQ's overlap with some other qualifications. It is, for example, possible for a person's City and Guilds qualifications to be also recognised as an NVQ.

**ACtrain**

ACCESS courses do not lead to qualifications directly, but are designed to get people prepared for courses that do lead to qualifications. Typically they would be designed for people who missed out on their qualifications whilst at school and want to go into Further or Higher education later in life.

**VocQual**

NVQ's overlap with some other qualifications. It is, for example, possible for a person's City and Guilds qualifications to be also recognised as an NVQ.

**EyeProb1**

- Long Sight - good distance vision, but generally require glasses for reading.
- Short Sight - good close vision, but generally require glasses to see distant objects clearly.
- Irritis - inflammation of the iris.
- Cataract - opacity of the eye lens.
- Glaucmoa - vision problems resulting from increased in the eye.

**HOOther**

The concern here is to identify any important health conditions that have not already been reported in answers to previous questions. To avoid reports of minor complaints (e.g., colds, flu, etc) the question focuses on conditions requiring regular (at least annual) medical supervision.

Some CM's may have only recently been diagnosed with a condition that will require such medical supervision. Include these if not already reported.

If in doubt whether a condition qualifies include it here if not already reported.
These questions are asked of both drinkers and non-drinkers. To include non-drinkers may seem strange, but these questions relate to attitudes and behaviour with reference periods of 'EVER' and the 'PAST YEAR' and it is quite possible that current non-drinkers were drinkers in the past, even within the last year.
