NSIMP You have nearly completed the survey. We would just like to ask a couple more questions.

The next major survey is likely to be in the next year or two and may involve a home visit from an interviewer if social distancing rules are relaxed to allow this. We are interested to know whether the Coronavirus outbreak could affect your willingness to be visited at home by an interviewer. Which of the following statements applies to you?

- The Coronavirus outbreak is likely to make me less willing to be visited at home.
- The Coronavirus outbreak will have no impact on my willingness to be visited at home.
- The Coronavirus outbreak is likely to make me more willing to be visited at home.

NCDSMO Home visits for the 'Life in Your Early 60s' Survey began in January but have been paused because of the Coronavirus outbreak. As we do not know when social distancing rules will allow us to restart home visits we are considering whether to ask study members to take part in the Life in Your Early 60s Survey in other ways. Would you be willing to take part in any of the following ways?

Please select all that apply.

☐ Video call with an interviewer (e.g. using Skype, Zoom or similar)
☐ Telephone interview
☐ Online questionnaire
☐ Paper questionnaire
☐ None of the above

NCDSAPP    Finally – we’d like to ask you to download a COVID-19 Symptoms Tracker app. Many people are recording symptoms of COVID-19 using specially designed symptom tracker apps. These are helping to slow the outbreak, by recording which symptoms are most common, and identifying high risk areas in the UK. As a member of NCDS you can play a special role. We have teamed up with the organisations running the COVID-19 symptom tracker, designed by Kings College London, to allow the results from the symptoms tracker app to be combined with the information held by NCDS. All you need to do is to download the app on your mobile device, and record your symptoms every day. If you have already been recording your symptoms using this app, the symptoms you have already recorded can also be linked. Please click **HERE** to download the app. You can download the symptoms tracker and start recording your symptoms at any time. You can also find the link to download the symptoms tracker app on our study [website](#). If you DO NOT wish your information held by NCDS to be linked to information collected by the COVID-19 symptom tracker app please tick the box below.
